

HELP US PROTECT **SEA** **TURTLES** IN AKUMAL

HOW YOU CAN HELP

Never touch turtles, hatchlings or nests-- it is a federal offence.

Keep the beaches dark and quiet from dusk to dawn.

White flashlights or flash photography should not be used at night.

Outdoor beachfront lights should be turned off at dusk or replaced with red/amber bulbs.

Limit indoor beachfront lighting by closing blinds and curtains at dusk.

Keep pets inside at night and on a leash at all times.

After a day at the beach tear down sandcastles, fill in holes, move beach furniture and sports equipment to the property.
